## ACCESSORIES

### GripLoc

Insert glue  
Slug removers  
Interchangeable slugs

Available sizes: 1 3/8" (standard) and 1 1/2" (large)

GRIPLOC'S PATENTED INTERCHANGEABLE THUMB ASSEMBLY IS STILL THE EASIEST TO INSTALL. GRIPLOC'S TWO-PIECE SYSTEM CONSISTS OF AN OUTER SLEEVE AND AN INNER SLEEVE. THE UNIQUE FEATURE OF GRIPLOC'S INTERCHANGEABLE THUMB ASSEMBLY IS THE LOCKING MECHANISM. ONCE YOU "LOAD & LOCK" THE INNER SLEEVE INTO THE OUTER SLEEVE, YOU WILL HEAR A CLICKING SOUND WHICH INDICATES THAT THE INNER SLEEVE IS SECURE IN PLACE.

SECRET SAUCE POLISHES BOWLING BALLS IN LESS TIME THAN ANY OTHER POLISH - WITH BETTER RESULTS! THIS CONCENTRATED POLISH LEAVES NO RESIDUE AND DOES NOT CLOG THE BALLS' PORES, THUS INCREASING BACKEND HOOK POTENTIAL. THE LUSTER YOU SEE WITH VERY LITTLE EFFORT IS AMAZING. THE POLISH WORKS BEST WITH A BALL SPINNER; BUT WORKS GREAT BY HAND TOO. THE SECRET SAUCE IS NOT ONLY A GREAT POLISH; BUT A GREAT CLEANER AS WELL - WHILE KEEPING TACK AND GLOSS ON THE BALL.

### Secret Sauce

Secret Sauce gives a tacky feel to the coverstock, creating a "like-new" ball reaction on the back part of the lane, while increasing length.

Available in 2, 4, and 8oz.
